

Outrageous Sick.

My Dear Cousin George:-

The news
of your very sad bereavement ~~has~~^{has}
just reached me and what
can I say to comfort you?
Why am I so far away
from you, just now, when I do
want to see you so bad.

Cousin George, you know
just how sorry I am for
you, how my heart aches for

you. Cousin Lella has only gone
just a little while before you and
she is through now with all
her suffering and indeed she had
more than her share of it.

You must get out all you can.
Don't stay home and think about
your trouble. I shall be

so glad when this winter is
over for it has been a severe
one and so much trouble every
where. Maria's letter of

written Tuesday only reached
me last evening. It is an-

feel to be so long without even
a newspaper. Tuesday morning
at 2.30 the sunn ferry came in
and brought some of the mail
and there was't another train
in until last evening at 6.30.

I was very much worried about
Mama for a while, she was very
sick and I guess she is't feel-
ing any too strong now. If
summer ever does come, I want
Papa and Mama to start for
here. I am very anxious
to know where Grace and
Philip are. When you can

do write and tell me about every
thing. I am feeling very well
and am glad to say Lick is.

We are just as happy and love
each other more than ever.

This is a very unsatisfactory letter
and I have not written a word to
comfort you. But you do know
how very I am and Lick want-
ed me to express his sympathies
to you.

Wishes of love and kisses and
write to me when you can.
